

# MODULAR ALUMINUM CANOPY

2025 RIVAL 4X4 ACCESSORIES

# ABOUT US

**RIVAL** is a leading manufacturer of premium offroad accessories. With flagship products like aluminum bumpers and underbody skid plates, we have built a reputation for reliability and durability that consistently exceeds customer expectations. Operating in over 65 countries, we are dedicated to delivering the highest level of service to our partners and customers.

Our commitment to quality is evident in every product we manufacture. Engineered for longevity and performance, our products are built to perform under the toughest conditions.

### ALL ALUMINUM INNOVATIONS

Quality is our top priority. We invest in advanced technology, precise manufacturing processes, and rigorous testing to produce high-performance, long-lasting products. Our experts use premium materials to meet the strictest quality standards.

### EXPLORE NEW OPPORTUNITIES

A roof rack is a must-have accessory for transporting cargo, travel gear, or sports equipment on your vehicle. It allows you to carry more, enhancing convenience and comfort for every journey.

# ROOF RACK SET COMPONENTS

**ROBUST, INNOVATIVE, STYLISH**

Crafted from premium A6063 aluminum, with insulated composite panels and weatherproof durability, it’s as tough as the journey ahead. The modular system packs compact, assembles fast, and installs with zero drilling - so you’re ready to roll in no time.

With smart features like remote locking, heavy-duty patented hinges, LED lighting, and roof rails ready for any adventure gear, this canopy doesn’t just cover your truck - it powers your lifestyle.

# WHAT'S INSIDE THE BOX?

1. **Fitting Kit**
2. **Front Window Panel**
3. **Corners**
4. **Side Panels**
5. **Roof With Pre-Installed Rails**
6. **Rear Window Panel**

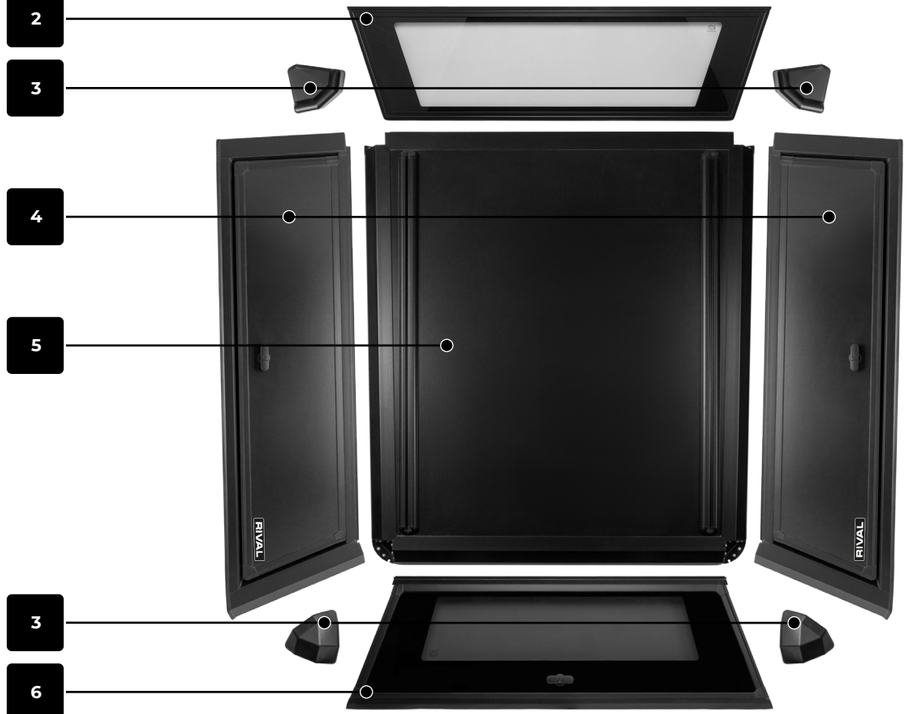

This design is a complete canopy that is mounted on a trunk by a set of fitting brackets.

# PRECISION-ENGINEERED MODULARITY

Crafted for those who demand excellence, our aluminium modular canopy features a high-grade extruded profile system that ensures exceptional strength, precision, and ease of assembly. The interlocking profiles slide seamlessly into place, delivering a robust, rigid structure without the need for complex tools. Experience a premium solution engineered for performance, durability, and effortless installation.

Enjoy comfort without unnecessary hassle!

# MATERIALS MATTER

RIVAL Canopy features a premium matte black powder coating with a PVDF system, delivering unmatched durability and weather resistance. This

high-quality finish effectively prevents oxidation, extends product lifespan, and enhances its sleek, modern look - meeting the highest industry standards for both performance and aesthetics.

- Canopy is manufactured using A6063 Aluminum extrusion frame.
- All panels are Aluminum composite 4 mm, reinforce steel for strength and EVA foam insulation.

# LED LIGHT INSIDE

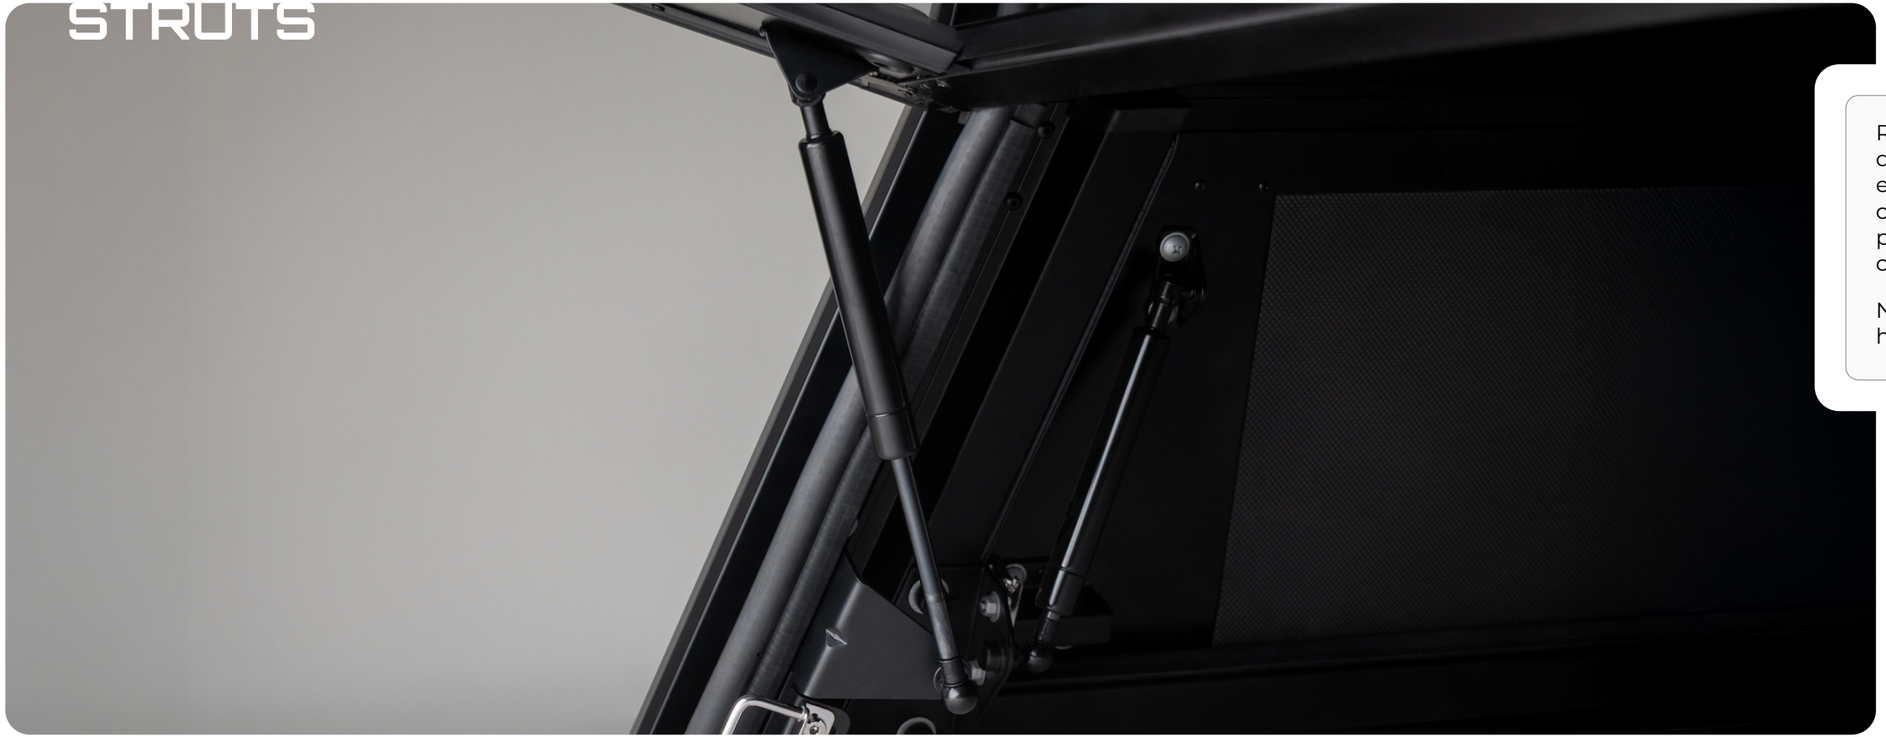

Enjoy comfort at any time of day with the integrated LED lighting of the RIVAL Canopy. Soft and uniform light creates a cozy atmosphere, increases

functionality and adds style to your space.

Light where it is needed – without unnecessary wires and complicated installation.

# HEAVY DUTY GAS STRUTS

RIVAL Canopy features reinforced gas struts designed for effortless one-handed operation, even in challenging weather conditions. The corrosion-resistant construction ensures durable performance year after year while supporting the canopy with reliable strength.

No more struggling – let the gas lift system do the heavy lifting for you.

# INTEGRATED ROOF RAILS

Engineered for seamless functionality, RIVAL Canopy features a discreet yet robust roof rail system designed specifically for mounting the RIVAL roof rack and other premium accessories. Its streamlined profile maintains the canopy’s clean aesthetics while offering instant readiness for your adventures.

# AUTO LOCK / UNLOCK REMOTLY

Elevate your convenience with RIVAL Canopy's advanced remote locking system – effortlessly secure or access your cargo with just a click of your key fob.

# EASY ACCESS TO THE DOORS

Experience effortless functionality with our engineered access system designed for seamless operation in any conditions:

- Hassle-free loading of bulky items with optimized clearance
- Multi-directional door configuration
- Secure one-handed operation with intuitive latching mechanism

# ULTIMATE WEATHER PROTECTION

Completely weatherproof and dust proof due to the EPDM sponge double seal. Forget about wet things and dust – your cargo is always under reliable protection.
